To Whom it may concern,

Shiny Cleaning has cleaned our offices over the past six years. In that time, we found their service to be reliable and trustworthy.

Communication with Shiny Cleaners was easy and responses to inquiries were always immediate. The team was flexible in completing special requests and the quality of work was high. Frequent personal contact with the supervisor ensured that any minor issues were dealt with immediately. There were typically no issues with services provided.

We used Shiny Cleaning during our office move for special cleaning at both locations. We received exceptional service in organizing and delivery of the services.

We recommend Shiny Cleaning as a reliable provider of cleaning services.  
Best regards,
